Judy Note: The Alliance's three-fold primary purpose is to rescue scores of tortured and

suffering children from the evils of Satanic Rituals; to punish those responsible for betraying the trust of their fellow world citizens and once and for all, to liberate humanity from the sick, sadistic and twisted Elitists who seek the Darkness of Enslavement and Destruction over the Light of Freedom and Divine Love.

Judy Note: What We Think We Know as of Tues. 24 Jan. 2023:

- **Tues. 24 Jan. Bruce:** Bond Holders should receive their notifications by email **7am EST Wed. 25 Jan.** Tier 4b (us, the Internet Group) could obtain our notifications up to 12 hours after Bond Holders – that meant we could get them on **Wed. 25 Jan.** If so, appointments should start **Thurs. 26 Jan.**
- **Tues. 24 Jan. MarkZ:** There are some European bond connections that were expecting **FULL liquidity (not pieces or parts) tomorrow Wed. 25 Jan,** which means that things will move forward. Hoping this is really it. The news coming out of the bond side has been exceptional overnight. **Reprint from Iraq:** I believe the original story was on Bloomberg. “The US holds Iraq hostage with the dollar” It talks about how since 2003 Iraq is required to send all its oil revenues to a single US bank account, and how Washington is weaponizing Baghdad’s own dollars against Iraq – devaluing its dinar currency and hindering payments. This is why Iraq needs to revalue quickly and separate completely from the United States. The US has been manipulating themThis is the last corner stone to somehow keep the RV from happening. My belief is the US has been leaning on politicians over there ...bribing, threatening them and that could be why Sudani has removed the CBI president. The US has been keeping a thumb on the Politicians and Iraq banking system.
- **Tues. 24 Jan. RV Update by Okie (not OkieOilman) via Twitter:** There is major bank activity. We are receiving multi-source reports regarding US Bank

Screens going blank, which could mean that rates were being loaded at this time.

- **As of Tues. 31 Jan. 2023**, the US will officially transition from the US Inc's fiat Dollar to the new gold/asset-backed US Note. Banks were expected to be on the new system by **Fri. 3 Feb.**
- **As of Wed. 1 Feb. 2023**, any fiat US Dollar printed prior to 2021 will no longer be accepted as legal tender anywhere in the world according to a US Treasury Letter, although this date may be moved further back a few days. ...Bruce, MarkZ

Tues. 24 Jan. Zim Bond Redemption,

MarkZ: I have been told (and believe it to be accurate) that we will have 3 options on the Zim Bond redemption. The money you take home to spend on yourselves will not change in all options. The difference is what you get solely for humanitarian projects.

- **The first** is to not do a project. You will take home money in your pockets. No restrictions. No strings attached.
- **The second** is that you receive money to take home and can pick projects from pre-approved charities. The entire increased amount you receive is only for projects.
- **The third** is that you present your own projectsanything above what you get for personal use goes to your projects. We are told funds will be traunched to you for your projects. You will not be given it the day of your exchange appointment. They need to vet you and make sure you are capable of executing your projects. This option will come with a lot of strings attached.
