

**The Kingdom of Australia & New Zealand**  
Forwarded from **KOA Global Communications**  
Good Afternoon Everyone,

I just wanted to take a few moments to touch base with all of our family and KOA members. As many of you have heard, several banks have already collapsed around the world. We have been speaking about this as awakened individuals for years. Please take this time, if you have not done so already, to make sure that you and your loved ones are as prepared as possible. Stock up on some food and water, medicines you may need, batteries, and supplies for your animals and pets.

We are not financial advisors, so our ministers cannot give you financial advice or tell you what to do with your money. However, I can relay that many of our members have purchased some precious metals and made sure to have cash on hand in the event that there is a run on the banks. Please have peace of mind and know that all of your finances in the various institutions have been recorded in the Quantum Financial System, provided they are legal and legitimate funds.

Please be aware that there may be protests or uprisings during this time. Be careful, be smart, and be safe! Help one another and check on your neighbours, especially the elderly and disabled. Don't forget that you have your guardians and family of light watching over you that you can call upon for assistance at any time.

Thank You and God Bliss!

HE Jennifer Mild  
KOA, Global Communications Director
